

NEPAL DEVELOPMENT – DORJES WORDS:

Hi there everyone,

I wanted to put together a bit of a report on what Dorje has been doing with the funds you all so generously donated. However, once I started I realised that I couldn't say it any better than Dorje himself. So here are some excerpts from his recent emails. Keep scrolling through as there are some pictures at the end. (We raised over \$15,000 so far...)

Words are not enough to thank you all for being so generous, but THANK YOU.

Lots and lots of love,

Teresa didi

Hello didi Namaste

This old man , lost his darling in the earthquake disaster .

We have helped him by giving some food.

An old man lost his dear wife , one old man broke his leg ,Old lady payed her hospitals bill and Collected the rubbish from the Sindhupalchok's camp- .

We are building toilets again in Nuwakot district .this is also for the victims camp . It is very important to keep clean ,, we found there is no toilets so, Tomorrow |Final check Subash jr and me going to that camp at NuwKOT....

Prakash , is our friend who went trekking with us . I do not know who was his customer . Before last year, Michael';s wife He had I think ,sometimes he work from three sister company . Lahar bring him first time with us , last year we didn't took him ...

I went to his place . Given him also few pieces of Dettol soaps , Washing soap , 30 Kg shake of rice , Daal , cooking oil some biscuits ,Exercises books and Rechargeable flash light for his room
other are all good and fine .

here are some list which is we took to the Sinchupalchok's victims Camp.

These are the main thing we given to the Camp . recently we have done the rubbish collecting . Rubbish collecting is quite difficult to organize because they have to take rubbish out of Kathmandu which is hard for them self . we are going to collect the rubbish every 5 days from the camp .

Some people I saw and feel to help , One old man, who has broken his wrist bone helped him and another woman who admission to the hospital being sick from the camp , help her little bit for paying her hospitals bill . they are discharged and went home ...

The next I am planning to do the free Medical check up and provide them free medicines . While I talked to the people they seems to demand about the health and medicines .

I will put the photos and let you know what we are going to do ...

Here are some pictures which is we have done recently ...

I went to the Death Puja in our Kapan Tamang Gumpa today . One woman died by the Thunderbolt at Kanchha's village one month ago . Her relatives are in kathmandu so, Today's puja is for her spirit to rest in the heaven.

I went to see few earthquake victims places around Kathmandu Including Yellow Gompa . I have asked them ,what is the main problem right now ? very nice victims place I found at Gokarna Pine forest . These people from Sindhupalchok District . Three villages Development committees victims are living in 87 Tents (family) / About 200 people including kids .

I asked them same question --

They told me these are the main important things they needed -- Lintel (Daal) , Mosquitoes net . ,water supplying Hose 400m . \Fruits (Apples), Small size Troupline for the side bar for the rain , Mattress , Kids Snacks (Biscuits good quality), And Washing Big bowl for washing clothes etc .

I did asked about the shower and Toilets . They answer me, they have Enough Toilets but no Bathrooms . So, I am going to built a Temporary Bathrooms too .

AS well as , I am thinking to give Dettol Soap and Towel for the washing or showering .. They did told me for the kids Copy ,pencil and colour .

They said they have Rice enough for about one or two months . They do not want to ask lots of thing at a one time because it will go damage .Other thing they have at the moment .

I am going to give those things Monday or Tuesday. They are removed from Sindhuplachok district .

I went few other places around kathmandu , One is near Hyatt ,opposite of Bhatbhaani Baudha , They have told me similar kind of problems they have but we couldn't supply much things there because there are 8 thousand people living in 1500 Tents (Their committee's president said to me) . The main problems for us is , When we take any kind of helping (supplies) things WE must take at list for all the Family . if we take only fifty percent , than problems begins .

I am going to do my first step to that place with their demand and let you know about all . I will post the pictures in your email address .

Than next step may be in the different places

Received all last email . That is fantastic .I will give some cash to our regular staff ,, keep the record .

Other, must try to spend for the people who are staying in the Tent around Kathmandu from the different area .Like Dhading , Gurkha, Sindhuli, Kavre, and Sindhupalchok .

The Dalit lower cast is also one of the option. some there and here . But mostly this time I like to find out by the earthquake victims from the different part of the country who are living around Kathmandu .

Let you know didi , all are good, please give my best hello and namaste to Eric .

God is always there for us ...
